CONFERENCE CALL MEETING SUMMARY**

**September 10, 2008
3:00 p.m.**

Participants

Carol Lambos – USMX/Co-Chair
Aaron Ellis – AAPA
Berit Eriksson – Sailors’ Union of the Pacific (SUP)
Dana Robertson – Rahall Transportation Institute
Rex Sherman - AAPA
Tom Wakeman – PIANC
David White – SAMTSO
Richard Lolich – Maritime Administration

Carol Lambos reviewed the draft Education Team slide presentation with the group and solicited comments from the Team. It was suggested that the slide that states the annual number of TEUs handled at U.S. seaports be replaced with the number of containers handled., since TEU is a term which most people are not familiar with, but do understand containers. **Rex Sherman** of AAPA was able to provide that figure for the slide.

Carol Lambos will rework the remaining slides and forward to the team later today for their review in preparation for next week’s meeting.
